

In support of INTERNATIONAL WOMEN'S DAY – 8 MARCH 2010

Women in business thinking ahead with Dwight Frew

... a vibrant and spirited presence is what you immediately notice!

Dwight uses his unique and genuine interpersonal skills to consistently develop connections with people and this is evident in his presentation style.

His philosophy is simple – **forge strong relationships and success will follow**. While the philosophy may be simple, Dwight utilises innovative thinking and dedication to make that philosophy a reality.

His focus is developing people and motivating them to 'promote the intangible' and achieve success through creating a connection with their clients. A message with substance, delivered in an engaging manner.

Today's women continue to face a diverse range of unique challenges in business and Dwight delivers a dynamic and honest approach to:

- Cultivating profitable long term relationships
- Being yourself, feeling free to express and say what you want
- Visions for your business future
- Reinventing and evolving yourself and your business
- Building a resilient and creative team culture

One of Dwight's stand-out talents is his insight into people and his capacity to tap into what makes others 'tick'. He shares his experience in a warm and highly engaging style that is thought provoking and designed to encourage excellence.

Dwight's approach to creating success coupled with his unique and authentic presentation style will leave a lasting and positive impression.
